

5149

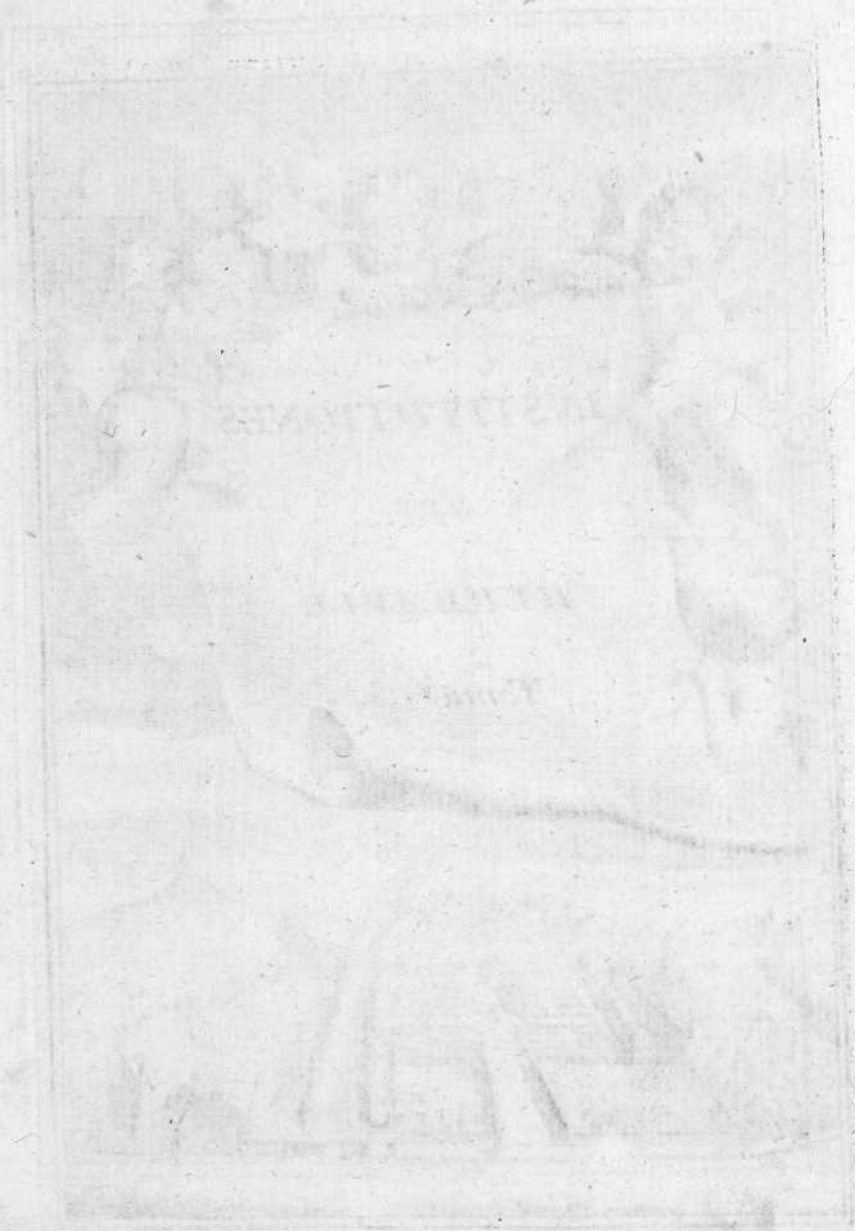

The image shows a full-page view of marbled paper. The pattern consists of large, dark, irregular blotches of varying sizes. Within these dark blotches are numerous small, white, circular spots, creating a 'stone' or 'shell' marbling effect. The background between the dark blotches is a light, mottled grey. In the top-left corner, there is a small, rectangular white label with a black border, containing the handwritten number '5149' in black ink.
